SUBSTITUTE SPECIFICATION

A substitute specification is enclosed. The substitute specification includes corrected page numbers, since all original pages were erroneously numbered "29." Furthermore, typographical corrections to pages 3 and 16 were made, as identified in detail above. No new matter has been added.

35 USC 102 REJECTIONS: CLAIMS 1-33

Claims 1-33 were rejected under 35 USC 102(b) as being unpatentable over U.S. Patent No. 6,023,723 to McCormick et al. ("McCormick"). The claim rejections are moot in view of the new claims. Broadly, McCormick is limited to filtering junk e-mails, and fails to provide any disclosure related to message subscriptions, let alone the specific features found in the claims. The new claims are patentably distinguished from McCormick.
